

ESPEJO FAUCET

SPECIFICATIONS

Touch-free wall-mounted electronic faucet for concealed integration behind the mirror. Activated by infrared sensor. For cold or premixed water. Adjustable settings by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings.

OPERATION

A perfect solution for concealed installations. Integrated behind the mirror for a clean washroom design. Helps washrooms stay clean and saves water. Ideal for shopping malls, sport facilities, entertainment centers, luxury hotels, airports and transportation hubs.

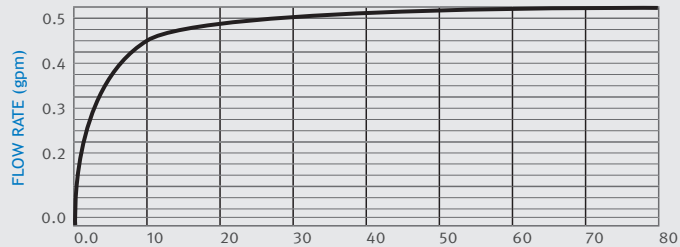

APPLICATION

Touch free electronic faucet. The faucet is automatically activated when user place their hands in the sensor range and stops when the users remove their hands.
